

## EVERYTHING IS READY FOR RED CROSS DRIVE

Final Arrangements Made at Meeting Last Night at Which Soldiers Urged Support of Society

## A. E. F. SERVICE SPLENDID

All of the Men in Khaki "for" Organization, John H. Rogers Says; Downtown Groups Arranged

Workers in the third annual Red Cross roll call drive which opened this morning held an enthusiastic meeting in the auditorium of the municipal building last night and received final instructions for the two-day campaign which begins today.

All was in readiness for the opening. Towns and captains had been announced and territories had been assigned to the various leaders. Supplies which were tied up in bales and were given out to the workers last night.

Charles Gillmore, city manager of the drive, presided at the meeting. John Rogers, commander of the Custer post of the American Legion, was introduced by the chairman and asked to discuss the work of the Red Cross from the standpoint of the soldiers.

### All Soldiers for It.

"I never found a better friend over there than the Red Cross. I can not speak too highly of it was received, and it is received well. Although the members of the A. E. F. were very free to speak their minds about the things they did not like and still are, I can say that I have never heard one member of the expeditionary force say a single word in criticism of the Red Cross."

Ralph H. Blase, of Sapulpa, was introduced by Ralph H. Blase, who has been in five major actions and had been wounded several times. Blase told of the treatment he received at the hands of the organization when in the hospitals in France. He told how they notified his mother concerning his injuries and performed other services for him of charge that no amount of money could buy over.

Fay Hance, another man who has stood the blunt of the hardships of war on the battle front in France, told of his experiences with the Red Cross in the war. He discussed the use they made of the fund subscribed, he told of the treats and luxuries that they provided for the boys as well as the hospital equipment, nurses and doctors. He had nothing but the highest praise for the organization.

### Teams Are Ready.

Rev. C. W. Kerr, county director of the campaign discussed the details of the work to be done by the membership who gave the final instructions for the opening of the work today.

Pedestrians in the downtown districts will be canvassed from booth to booth in which there will be 14, each in charge of the ladies of the city and all under the direction of Mrs. John Horn, captain of booth teams. The assignment for those in charge of the respective booths, the booth locations are as follows:

114 E. Main, Hotel Tulsa; Miss Emily Mock, Hotel Tulsa; Miss Mildred Bumpass, Fourth and Boston; Mrs. Emerson Higgins, Third and Main; Mrs. Will Stone, Third and Boston; Mrs. Charles Lash, Fourth and Main; Mrs. Hooper, Fifth and Main; Mrs. Samuel Boord, American National bank; Mrs. Alfred Heggen, Exchange; Mrs. Mary Marguerite Morris, Central National bank; Mrs. J. R. Wheeler, First National bank; Mrs. Harriett Wardell, National Bank of Commerce; Miss Mary Bill, Producers State bank; Miss T. W. Carman, Second and Main; Mrs. Harry Jenkins, Liberty National bank.

## LYCEUM PROGRAM WILL BE IN HIGH SCHOOL TONIGHT

Contrary to former announcements, "The Fighting Yanks," who are in Tulsa tonight to sing on the community lyceum program, will appear in the high school auditorium. The committee had planned to have all numbers in Convention Hall, but due to conflicts, other numbers could not be booked there. However, special seats have been placed in the auditorium and it is believed that they will accommodate the audience.

The program will begin promptly at 8:15. Single admissions will be 50 cents. Holders of lyceum tickets will be admitted without additional charge.

## TULSA NEGROES GO SOUTH TO HARVEST COTTON CROP

The local labor market feels the drain cotton fields are making on this locality. Five farmers from Atlanta were in the city on Monday offering inducements to every person who could pick cotton. Two dollars per 100 pounds and board was offered. If pickers desire to board themselves they will be paid \$2.50 and \$2.75 per 100 pounds they said. Living quarters are furnished.

The afternoon train to Oklahoma City saw four of the farmers buying 30 negroes, men, to 100. Negro women and children are in equal demand, with entire families at a premium, says William J. Squire, director of the federal state employment bureau.

Clemenceau Speaks.  
PARIS, Nov. 3.—(Havas)—Premier Clemenceau will leave Paris tomorrow for Soissons, in Charente, where he will deliver a speech which, it is understood, will give the keynote of the government party campaign in the parliamentary elections.

## To Have Curly, Wavy Hair Like "Nature's Own"

Women who have trouble keeping their hair in the air of securing the desired wavy effect—and especially those who realize the harm that the hot iron does to the hair—will do well to turn to the silversmith. In some cases can there be any such pretty waves and cords, having all the appearance of "Nature's own?" And the hair, instead of being singed, rugged or dead looking, is such a lively buster and wavy beauty.

If one will get a bottle of liquid silvers and any drug store and follow the accompanying directions, she can easily accomplish what she wants. This product is of course perfectly harmless and there is nothing sticky, greasy or unpleasant about it. The hair will be quite manageable, no matter in what fashion it is done up.

## HURT IN CAR WRECK, ASKS J. B. WILSON TO PAY \$2,000

Damages of \$1,000 were asked in district court yesterday by J. H. Tracy against J. B. Wilson, the plaintiff alleging he was permanently injured October 29, 1919, when an automobile in which he was riding was struck by a car operated by Wilson.

Tracy, owner of half interest in the Tracy Building on North Main street, was driving one car and pulling another into the garage. When almost in front of the garage, the defendant, disregarding the rules of the road and the city traffic ordinances, drove an automobile into the one in which Tracy was driving, the plaintiff's car.

The present school facilities are

## EAST SIDE CATHOLICS TO BUILD NEW CHURCH

Edifice Rivaling Holy Family Edifice is Planned by the Sacred Heart Congregation.

A second Catholic church which will rival the Holy Family church, the finest piece of church architecture in Oklahoma, in size and beauty of design, will be constructed by the

parishioners of the Sacred Heart also inadequate. It was brought out at the meeting. The present enrollment of pupils is taxing the capacity of the building so that it has become necessary to deny further admissions.

Arrangements for the improvements were placed in the hands of a building committee composed of Phil

Kates, Joseph T. Blair and R. C. Stueve and a finance committee consisting of John R. Marion, M. J. McMurtry and A. F. Sweeney. The building fund was started by generous contributions from those present. Further meetings will be held at the call of the pastor.

## FOUR BUBONIC PLAGUE CASES

State Board of Health Reports Outbreak of Disease at New Orleans.

NEW ORLEANS, Nov. 3.—Dr. Oscar Dowling, president of the state

board of health, announced today there had been four cases of bubonic plague in New Orleans during the past week. Two deaths resulted and two patients now are under treatment at the isolation hospital.

Known since the twelfth century, the first complete survey of the west coast of Spitsbergen will not be finished until next year.

# OSAGE GROCERY and MARKET

## Brand New Way to Remove Hairy Growths (Actually Removes Roots and All.)

The vexed question of how to completely banish superfluous hair has been solved at last! By means of the new plastic process, the hairs, entire roots and all, are拔出 before they ever grow, easily, harmlessly, painlessly. The secret lies in a solution different from the depilatory, electrical and shaving methods; you simply moisten it to fully appreciate its remarkable advantages.

Plastic is perfectly safe, non-irritating, non-poisonous. A child could eat it without the least injury. It leaves the skin so soft, smooth and hairless, no one could tell you ever had a shave or even a haircut. It is great if you prefer a smooth stick of plastic from your druggist and follow the simple instructions you will certainly be astonished and delighted with the result!—Adv.

From Tulsa World, Issue of November 2

Governor Robertson told the Lions club at McAlester that when he sees a card in a merchant's window announcing that "this firm is fair to union labor" he always has a hunch that the merchant is unfair to everybody else. He said further that such merchants were the biggest cowards on earth, and that when they ignored the general public for fear they might lose a 25-cent sale they were as much an enemy to the public's interest as the bolsheviki.
